## A better letter lasts longer. Hewco Changeable Copy.

Hewco Changeable Copy is a cut above traditional saw-cut changeable copy. Made from a rigid and durable injection-molded blank, each panel is molded with a small raised edge on the back designed to prevent scratching as the letters are moved in and out of the track, extending the useful life of each letter. The molded-in feet keep debris and ice from interfering with the change out. Best of all, eco-friendly letters use highly durable UV inks with no VOCs. There are no harmful emissions created during the manufacturing process.

These exclusive injection-moulded letter panels have slightly raised edges to protect the panel from scratches plus unique feet making changes faster and easier.

### Standard Sizes

LETTER HEIGHT (IN.)	PANEL HEIGHT (IN.)
3"	3-7/8"
4"	4-7/8"
6"	6-7/8"
8" on 9"	8-7/8"
8"	9-7/8"
10"	11-7/8"

#### To order:

Please specify the letter height and the panel height required.
