SELF-INKING RUBBER STAMPS

Shiny® self-inking rubber stamps, also known as the Shiny Printer has a sleek look and smooth stamping action. This stamp has a fit for every purpose in both the office and at home. Choose Round, Square or Rectangular sizes to fit your requirements.

These stamps will give you thousands of high quality impressions before re-inking or an ink pad replacement and are ergonomically designed to fit in your hand. Well known for precision and ease-of-use, Shiny stamps will give you a reliable impression for many years. You cannot find self-inkers with more attention to detail.

All self-inking stamps utilize Hewitt's natural red rubber dies.

See the following page for a template of available sizes and pricing.

PRE-INKED STAMPS

Shiny Premier is the ultimate line of pre-inked stamps.

You are guaranteed thousands of high quality impressions before reinking is necessary. The ink is contained within the stamp assembly so no separate ink pad is required. Simply remove the top handle, add a few drops of Shiny® Eminent Speed ink, and continue stamping for thousands of additional imprints.

Excellent print quality, this stamp is precisely engineered for marking un-coated paper. Soft handles for better grip and comfort. Ideal for both home and office use.

Shiny® Pre-Inked Stamps

Re-Inking Instructions

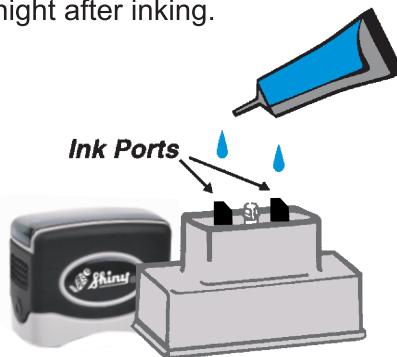

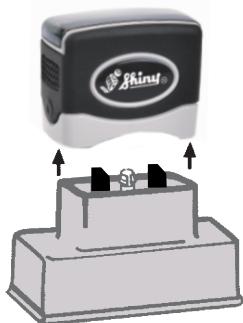

Caution:

- Only use Shiny Eminent Speed Ink in Shiny Pre-Inked Stamps
- Only Use Original Color When Re-Inking Your Stamp
- Mixing ink brands may damage your stamp
- Follow Instructions Carefully.
- DO NOT OVER INK.
- If ink gets on hands:
 - Rub with rubbing alcohol
 - Then wash with soap and water.

How to re-ink your Shiny Pre-Inked Stamp:

- Purchase Shiny Eminent Speed Ink from us in 14ml tubes in your required colour.
- Remove the handle of your stamp by pulling upwards and then place the required amount of Shiny Eminent Speed Ink equally into all of the ink ports. The amount of ink will vary as determined by the model number. If the impression is still too light, you can repeat the process.
- Only re-ink with the same colour that the stamp was originally purchased with.
- Leave the stamp in an upright position overnight after inking.

For best results,
use Shiny Eminent
Speed Ink only.
Other types of ink
may damage your
stamp.

Other points to consider about your pre-inked stamp:

- The type of paper the impression is made on will determine its drying time. Your stamp is not intended for use with glossy paper.
- The dust cover allows you to keep your stamp clean when not in use. If the surface of the stamp does get dirty, place cellophane tape directly on the stamp surface and remove. The tape will remove loose particles and enable the stamp to make better impressions.
- If you get ink on your fingers, use rubbing alcohol and then soap and water.
- To avoid stains, keep away from clothing.
- Keep your pre-ink stamp away from children.

PRE-INK SIZES & INK QUANTITIES:

- Sizes 55, 75, 325, 305 = **3-4 Drops**
- Sizes 115, 125, 145 = **4-6 Drops**
- Sizes 185, 265 = **6-8 Drops**
- Sizes 165, 535 = **8-10 Drops**
- Size 245 = **10-12 Drops**
- Size 225 = **12-14 Drops**
- Size 275 = **15-20 Drops**
- Sizes 700, 720, 750, 800 = **20-24 Drops**

IMPORTANT: Divide the quantity of drops between the number of ink ports under the handle.

NUMBERING STAMPS

Hewitt's offers a large range of band stamp numbering stamps in both self-inking and traditional styles. Regardless of your requirement, Hewitt's can supply you with a numbering stamp to satisfy it. Different font sizes from 5/32 inch (4mm) up to 3/4 inch (19.05mm) high. Deeply moulded natural rubber vulcanized bands give a clear impression every time. Letter bands, A-M or N-Z can be inserted customly in any or all band positions as requested.

In addition to band stamp numberers we also offer metal wheeled semi-automatic numbering machines in 6, 8 or 10 wheels.
